In Brookline, according to the 2010 census, 24 percent of the population -- or 14,182 residents -- are over the age of 55. Town residents, between the ages of 55 and 64, have increased by 40 percent since 2000.

Affiliated with the Brookline Senior Center, BrooklineCAN is an all-volunteer organization which enables older residents to remain engaged in the life of the community. The organization advocates on behalf of Brookline's older residents, works with town agencies on behalf of Brookline's seniors, provides ways for

members to contribute to the community, and in general acts to make Brookline an even better place to live for people of all ages.
